Commodore's Greetings

Well, 2020 sure is one for the books! Despite the challenges of COVID-19, changes in personnel, and the early spring loss of our ability to call on our many member volunteers, we have managed to put the marina together in near record time! Without a main launch weekend, we still have launched and masted boats speedily. In all, the spring has been a huge success. Thank heavens for no real freshet!

This year was a catalyst to look at new and improved ways of functioning, of building our ever increasing marina infrastructure, and, most importantly, making responsible decisions with our member's money. We've increased the knowledge base within marine services and are training a new group of members to carry on the tasks required to operate the club. With this and the on-line ticket system, members can be sure their requirements are being handled timely and fairly.

With streamlined and professionally delivered services, we never forget that the RKYC is at its heart a member-owned club, a collection of like-minded individuals, who love our rivers and spending their precious leisure time on them. Whether we are sailors or power boaters, we have a common goal to respect the long-held traditions of this more than 120 year old establishment and celebrate the new, to contribute through volunteerism, and to enjoy the camaraderie of fellow members and friends.

As we begin this COVID season, our marina is full. Our Learn-to-Sail program continues, albeit in a modified form. Racing is a go, as is the Annual Cruise in July. The gas dock will be open. Our social calendar is a bit different than in years past but is reviving. Our club remains strong, active and vibrant. I look forward to seeing you all – at a social-distance – in the yard and out on the river, and to meeting our new members. Welcome to the RKYC and to the boating season of 2020!

HONOURARY COMMODORE

Dr. Anthony Boulos

Dr. Boulos, came to Saint John in 1962 to take the position of Surgical House Officer at the Saint John General Hospital, after completing his surgical training in Boston MA. Deciding to stay in Saint John, he joined the RKYC in 1966 and bought a 19 ft. Weymouth cruiser which Jan named "The Proper Bostonian." After five years, Tony moved up to the "Nor-Ed," a 36 ft. cruising boat built in Campobello NB. Now he could cruise the local rivers and the coast of Maine.

In 1979 Tony and Jan decided to change to sail and bought a Hughes 40 built in Huron Park ON. This yacht, christened the "Pheonician Ark," was brought to the Virgin Gorda to partner with other yachts for a new Canadian cruising company. Tony and Jan were able to introduce yacht club members and many friends to the Virgin Islands.

In 1982 the "Phoenician Ark" was sailed to Saint John, its permanent home. Tony has introduced club members and many friends to the St. John River, the Bay of Fundy, the coast of Maine, the roads of Boston Harbor, and the islands of Cape Cod.

Tony and Jan partnered with three RKYC members in the purchase of a C&C Landfall 48 named "Stop Knot." For 12 years, family and friends enjoyed the islands of the Caribbean on "Stop Knot."

Tony served as fleet surgeon on several yacht club cruises. He and his family have taken part in many club events. Jan, as part of the welcoming committee, prepared many dishes for visiting clubsailors on their annual cruises.

Royal Kennebecasis Yacht Club

The Royal Kennebecasis Yacht Club derives its origin from the Saint John Yacht Club which was founded during two meetings of yachting enthusiasts in May of 1894. The Squadron of the new club consisted of only six yachts. Initial dues were one dollar per year and one dollar

for the entrance fee. During the first sailing season in 1894, the club's anchorage was at Indiantown, but because of the lack of room the new anchorage would be located in Millidgeville. The first Clubhouse was constructed in 1895.

The Club membership decided at a general meeting on April 5, 1898 to adopt the name of the river on which its races were sailed. The organization was to be called the "Kennebecasis Yacht Club". Notification

that Queen Victoria had granted the Royal Warrant was received and the club officially became the "Royal Kennebecasis Yacht Club" on July 5, 1898. The R.K.Y.C. executive also applied for the Admiralty Warrant on behalf of its membership. It was granted on February 12, 1899. The second clubhouse, which houses the present club, was opened in August of 1901 at a cost of three thousand dollars. In its day, it was an ambitious project. Today, this grand structure dominates the Millidgeville skyline. The Clubhouse tower stands seventy feet above ground and its unique architecture serves as a focal point for the community.

INFORMATION FOR VISITORS

The RKYC has been welcoming boaters from around the world for over 100 years and we are pleased that you have stopped at our marina. You will find our members hospitable and quite willing to share their knowledge of the St. John and Kennebecasis Rivers along with the Bay of Fundy.

Club and Marina Information

Berth Rentals are \$1.50 per foot (length overall) and \$30 per night for a mooring. Maximum of two boats per mooring and the second boat pays \$15. Power at the berths is 115 V, 15 amp.

Washrooms and Shower Facilities are located in and outside (at the back of the building) of the Clubhouse.

Dining is provided on Thursday evenings in the Clubhouse and guests are welcome to attend. Reservations are required.

Internet Services are provided within the Clubhouse, Marina and to a lesser extent the visitor mooring area free of charge. Please contact the office for the password.

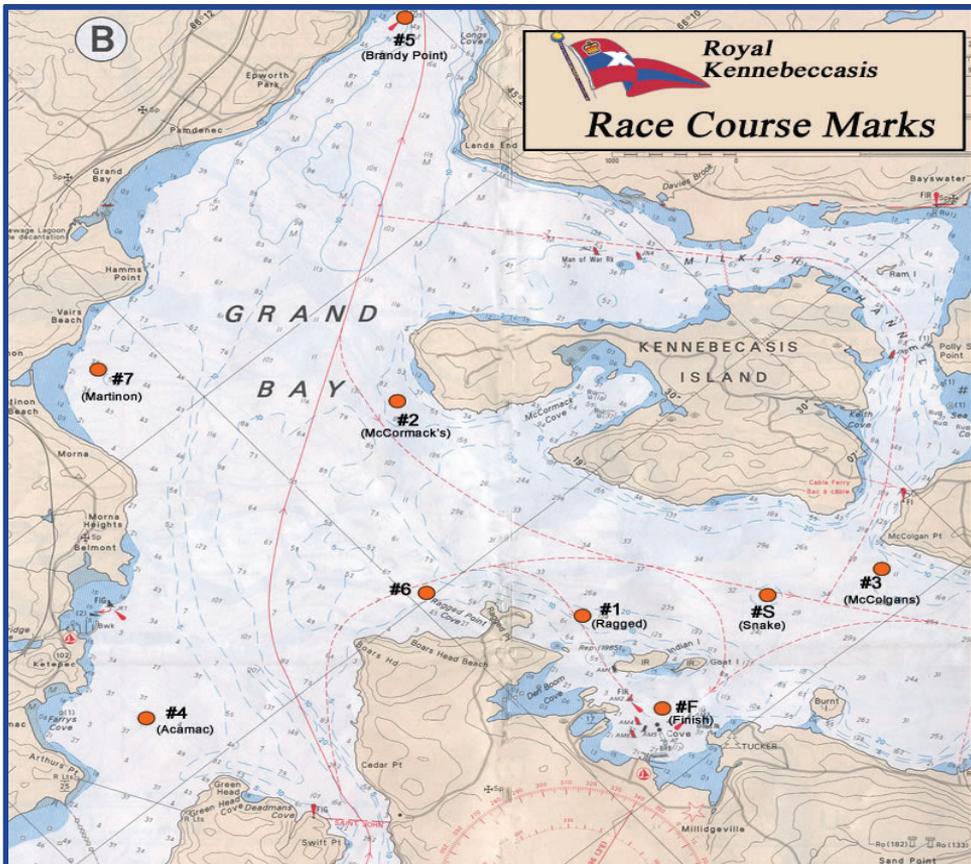

Tide Tables (high/low/slack) can be found at www.waterlevels.gc.ca - the months July to September are included in this brochure. If you are from outside Canada, you are required to report to Canada Border Services. Visit www.cbsa-asfc.gc.ca for more information.

Provisioning

You can visit Circle K, a short walk up Millidge Ave., where a convenience store selection of food products is available. The Superstore, located on Somerset St., is a few kms away and provides a full service **grocery store and pharmacy**. New Systems Laundry offers dry cleaning. If you are in need of repairs, you can contact the office or speak to the Yard Crew for assistance.

Around Town

Many **restaurants** are located within a 5 km radius, the closest being Wendy's, Tim Horton's, Subway, Mi Mi Mi, House of Chan, and Britt's Rockwood. **Bus transportation** stops within 100 meters of the RKYC and please visit www.saintjohntransit.com for schedules. If you need a **taxi**, please call Diamond Taxi at 648-8888. Millidgeville Marine (adjacent to the Yacht Club) and Dykeman's Hardware (up the road on Adelaide St.) are your best source for **Marine Supplies and Charts**. Please see their ads included in this brochure for more information.

RACING INFORMATION

STARTING SEQUENCE:

5 min.	warning	class flag	1 sound

MARINE SERVICES INFORMATION

It is the objective of the RKYC to make the boating experience pleasurable for all members and visitors to our Club. As such members are requested to consider the impact of their actions on the environment and other members.

Docks - The RKYC docks are 8 feet wide, which does not provide adequate room for two people to safely pass if hoses, power cords, rope, garbage, and coolers are left on the dock. It is the responsibility of each boat owning member to keep their area uncluttered. No permanent fastenings of any kind are to be placed on the docks. Carpeting & hooks are to be removed from the pilings at the end of the season.

Power Usage - The power supply on the docks is intended for trickle chargers and not for running air conditioning, refrigerators or supplying all the power needs of your boat. Please use common sense, as there can be significant voltage drop further out the dock that may cause damage to other boater's equipment. ***In addition, modifications to dock receptacles, to provide a different voltage or amperage, are not permitted.***

Garbage - Garbage bins are located by the Spar Shed and please recycle any items that you can. ***Garbage bins are for garbage created from boating not from your household.***

Waste Fluids - Please properly dispose of used oil, antifreeze, and other toxic chemicals. There is a disposal tank for waste oil by the spar shed - under no circumstances dump into the river or on the ground.

Gas Dock - No one other than the person responsible for fueling can be on the boat during refueling. The gas dock attendant will not pump the fuel for you - no one knows your boat better than you and the pumping of fuel is the owners' responsibility. All fueling should take place at the gas dock. Fueling at the dock (even dinghies) creates an unnecessary hazard to the marina. All passengers must disembark before fuelling begins. Credit and debit cards are accepted for payment.

Summer Trailer Storage - If you do not store your boat at the RKYC, there will be a charge for storing your trailer at the Club. Please check with the Manager as to where your trailer should be stored. Your trailer must be registered with the office. An appropriate hitch lock should be used to prevent theft of your trailer.

Parking - Ample parking is available. Please do not park on the main wharf or particularly on the breakwater leading to A Dock or the entrance to C Dock. This area is for loading/ unloading only.

Hauling/Launch - A member or designated representative must be present at the time of launch and haul out to assume responsibility for their boat.

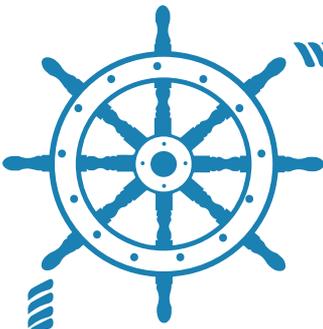

The opportunity for an early launch or haul out may exist and in some cases be required. Please check with the Manager if you are interested.

Berth Assignment - The assignment of berths is based on seniority, safety, and the size of the boat. The final decision rests with the Marine Services Committee.

Volunteers - The Club is heavily dependant on volunteers, particularly at the time of putting the marina in and taking it out and during launch and haul out. Please contact the office if you are willing to assist in any area.

Wake - The Marina and area surrounding the marina are no wake zones. A wake can be an inconvenience at best and dangerous if a boat is rocked during mast installation.

Work Safe Policy - The consumption of alcohol by those directly involved in marina operations whether acting as a volunteer or employee is not acceptable.

RKYC Adult Learn to Sail

Do you think you'd like to sail?

Do you want to improve your skills?

Then come join us for an 8 week adventure in either our beginner or intermediate levels on the water and having fun.

You will learn the basics of the boat, how to read the wind and much more.

The sessions are normally Tuesday and Thursday evenings
June 25th through to August 13th
6:30 pm - 9:30 pm

The cost is \$299.00 and you can register by going to

SAFE FUELING PRACTICES

- Keep Bilge Clean
- Keep engines properly tuned and operating at peak efficiency.
- Regularly inspect lines and hoses for leaks and replace as needed.
- Avoid pumping any bilge water that is oily or has sheen.
- Never smoke while approaching a fuel dock or while fueling.
- Secure your boat to the dock. Stop all engines and turn off all electrical switches. Close doors, windows, and hatches.
- Have all passengers leave the vessel before fueling begins.
- You are required to pump your own fuel and please ensure you are using the proper product and the proper fill pipe.
- Do not leave vessel unattended when fueling.
- Place a container over the air vent to catch any overfill. Listen to hear when the tank is getting full and slow the fuel delivery rate as it nears capacity.
- Use an absorbent pad around nozzle to catch splash-backs or drips. Clean up any spilled fuel with absorbent cloths.
- Ventilate engine compartment before starting engine.

RKYC Fuel Dock Hours

Summer Season Hours

June 15 - September 1

Monday - Friday: 1200 - 1930 hrs

Saturday - Sunday: 1000 - 1800 hrs

Late Season Hours

September 5 - September 27

Saturday - Sunday: 0900 - 1600 hrs

During these hours the gas dock attendant will be monitoring VHF Channel 68 and pump outs and ice will be available for purchase.

Autotec has what you need to keep your boat running smoothly this summer

Marine Batteries - Battery Cables/Boxes - Alternators - Starters

We carry the Surrrette "Rolls" & Crown battery lines for your battery needs and Quick Cable for your battery cable & box needs.

Our facility also has a rebuild shop for alternators & starters and can also provide replacement units and parts.
